

Resolution No. 12 of 1991 of the Borough
of West Wyoming Amending Resolution No. 6 of 1990
Establishing Sewer Use Rates, Rules and Regulations

West Wyoming Borough Resolution No. 6 of 1990 establishing sewer use rates, rules and regulations is hereby amended as follows:

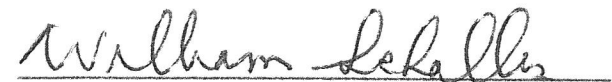

Article II, Section 2.03 entitled "Connection Fees" shall be amended to include the following language:

The amount of the connection fee for each nonresidential Improved Property which is charged for service on a metered basis shall be determined on the basis of one Billing Unit for each 300 gallons discharged per day or estimated to be discharged per day. The discharge quantities shall be calculated as the annual average daily flow over a 365 day period. If necessary the discharge shall be estimated by the Authority or the Authority's consulting engineer using standard engineering data and procedures. The connection fee shall be the number of Billing Units times \$500.00. After one year following the date of connection, the Authority shall make an analysis of actual average daily discharge and the Authority shall thereafter adjust the connection fee previously collected, either upward or downward. In no event shall the connection fee be less than \$500.00.

ATTEST:

Borough Secretary

Council Chairman

Vice-Chairman

Mayor
