Type of Work to be Done Requiring Dumpster on Public Right of Way

Explain the type of work to be done on the property, including length of time for project:

HAULING CONTRACTOR MUST SUBMIT THE FOLLOWING IN ORDER TO OBTAIN LICENSE:

- 1- A certificate of insurance, naming the Borough of West Wyoming as certificate holder
- 2- A certificate of worker’s compensation insurance, naming the Borough of West Wyoming as certificate holder
- 3- Federal or state employer identification number
- 4- An indemnity agreement in a form acceptable by the Borough Solicitor, promising to indemnify, save harmless and defend the Borough of West Wyoming, its officials, agents, servants and employees
- 5- \$100 License fee

Dumpster Regulations:

- The dumpster permit must be displayed in a conspicuous place in front of the premises plainly visible to passersby and kept there for the duration of the permit.
- The placement of only one dumpster per job site upon a public right-of-way shall be permitted at any one time
- The placement of a construction or non-constructions waste dumpster upon a public right-of-way must be temporary in nature and must be one that can be readily removed from the right-of-way
- A construction or non-construction waste dumpster upon a public right-of-way shall not extend into a cartway, nor impede or endanger the free flow of pedestrian or vehicular traffic
- A construction waste dumpster shall be permitted to be placed upon a public right-of-way for a maximum period of 10 days during building construction, repair or demolition projects for which a building permit was secured from the Office of Code Enforcement
- A non-construction waste dumpster shall be permitted to be placed upon a public right-of-way for a maximum of five consecutive days
- Also, in no event shall a full construction or non-construction waste dumpster be allowed to remain in the public right-of-way notwithstanding the time period specified above, for more than 72 hours
- A construction or non-construction waste dumpster placed upon a public right-of-way shall not be placed within 20 feet of a crosswalk at an intersection nor within 15 feet of a fire hydrant;

I hereby certify that I have read the above regulations and all statements contained in this application are true
