### **Borough Notice**

West Wyoming Borough would like to remind residents to not flush heavier paper products into the sewer system. Items such as cleaning wipes, feminine sanitary products, etc. should not be flushed down a toilet. Instead, place them in the garbage. These items are blocking the sewer pump station on West 4<sup>th</sup> Street in the borough. Also, if a basement sump pump is connected to the sewer line, please disconnect, as it is illegal as well as unhealthy. Thank you for your cooperation in the effort to maintain the working order of the sewer pumps West Wyoming.

### **West Wyoming Borough Survey**

Representatives West Wyoming Borough are conducting a phone and mail survey of residents of West Brady and Fairview Streets. The purpose of the survey is to gather information essential for an application for federal Community Development Block Grant funding through Luzerne County for street improvements on the surveyed streets. The majority of the residents have cooperated and the Council appreciates their assistance. All information will be kept confidential.
